COMPACT 2BHK RESIDENTIAL UNIT

Architectural Plan, Elevation &
Sectional Details

PROJECT DOCUMENTATION BOOK

A structured presentation of the residential layout and its associated architectural drawings.

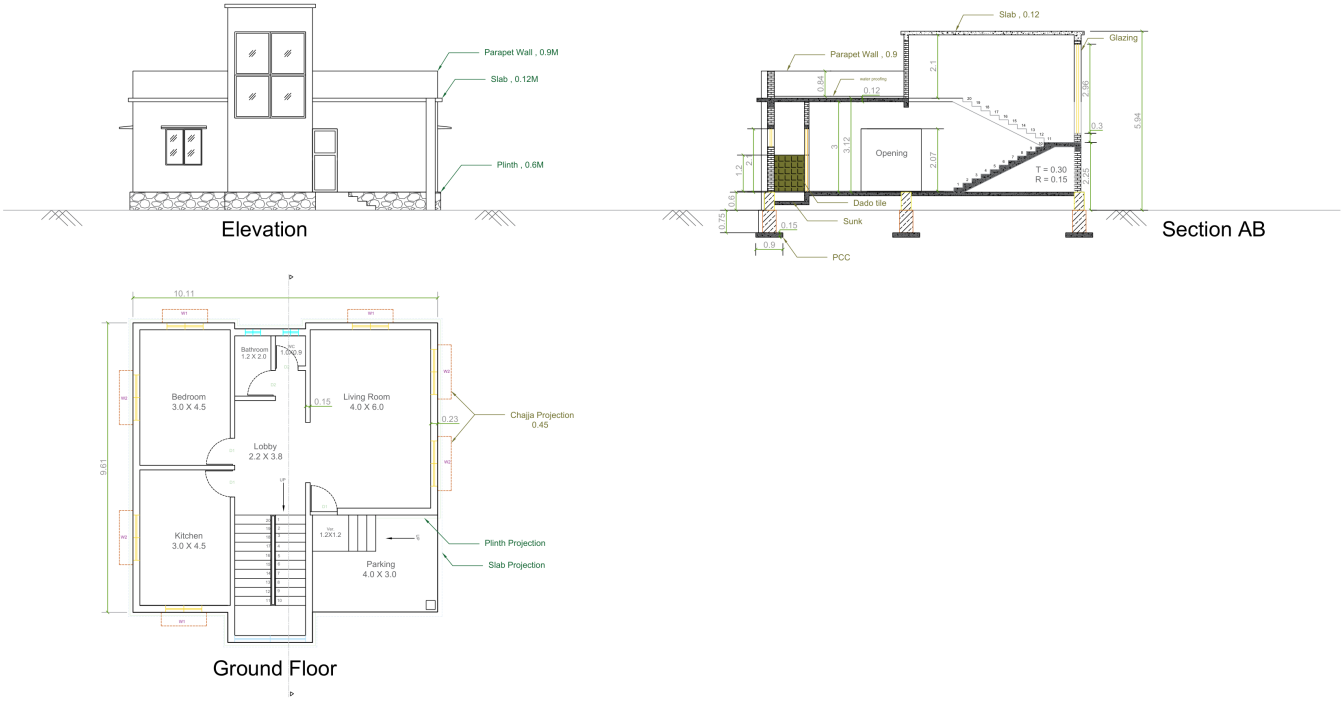

NO.	DRAWING / SECTION	CONTENT
01	Full Model	Combined drawing sheet: plan, elevation and section
02	Model 1	Ground-floor plan and spatial arrangement
03	Model 2	Section AB and vertical construction details
04	Model 3	Exterior elevation
05	Project Notes	Room schedule, design observations and limitations

Prepared from the four supplied architectural drawing sheets. Drawing order follows the requested sequence.

DRAWING 01

Full Model — Coordinated Drawing Sheet

This sheet combines the main ground-floor arrangement with the building elevation and Section AB, giving an overview of the plan and vertical construction information.

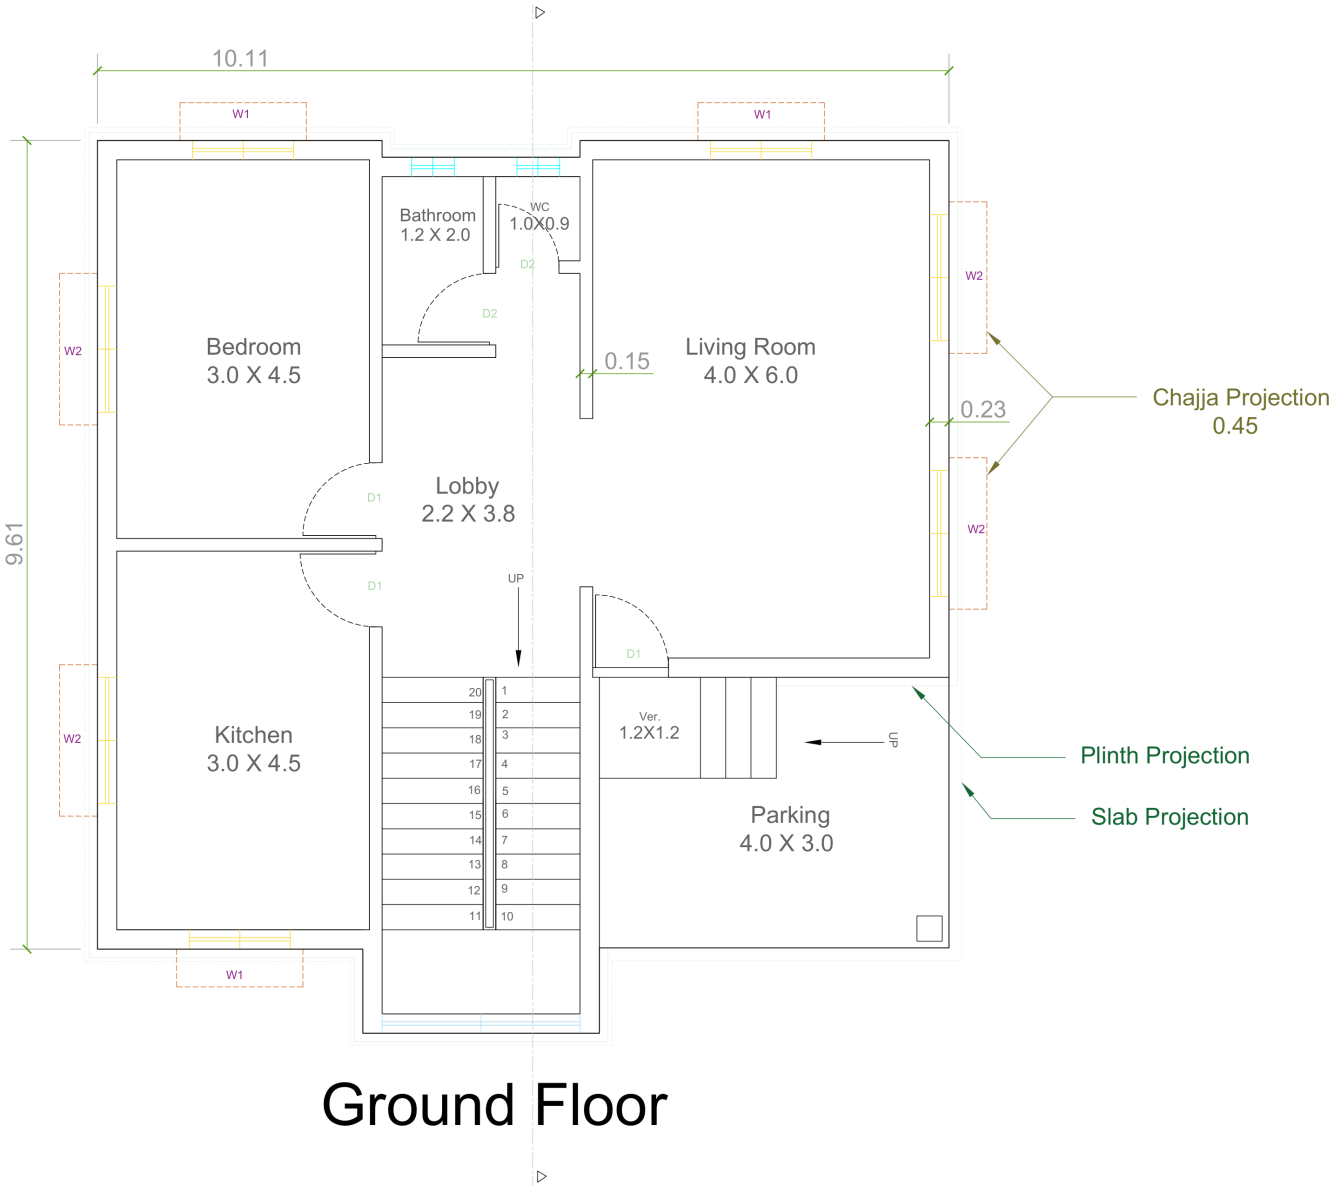

Source: supplied Full Model drawing. Image fitted proportionally for page presentation.

DRAWING 02

Model 1 — Ground-Floor Plan

The plan identifies the bedroom, kitchen, living room, lobby, bathroom, separate WC, veranda, staircase and parking. The overall dimensions shown are approximately 10.11 m × 9.61 m.

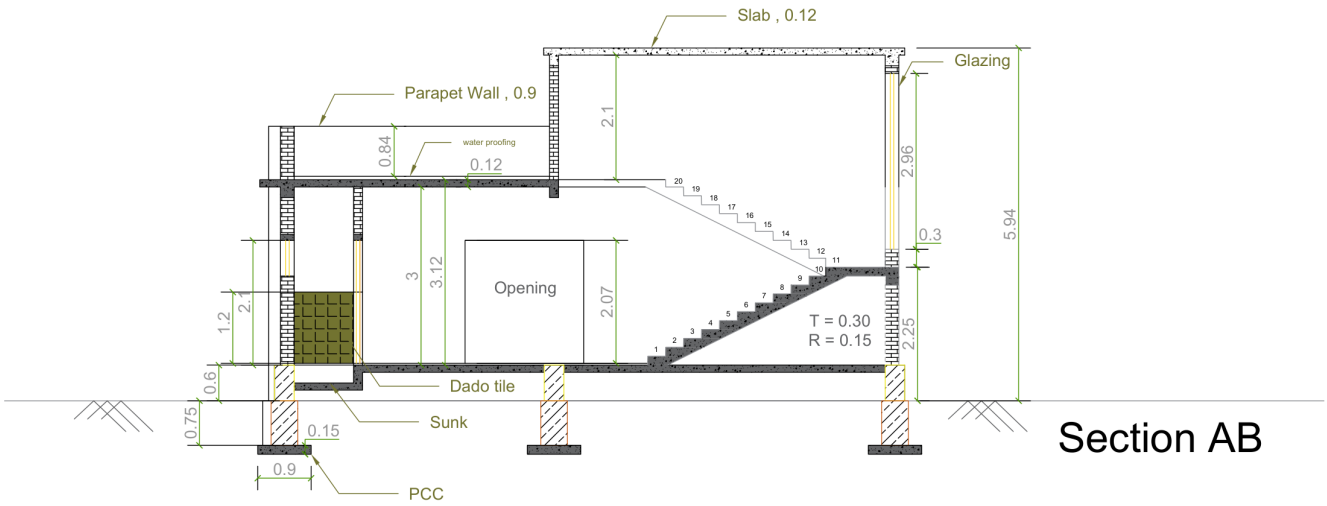

Source: supplied Model 1 drawing. Image fitted proportionally for page presentation.

DRAWING 03

Model 2 — Section AB

The section illustrates the vertical relationship between the floor/slab, parapet, opening, staircase and foundation-related elements. Labels include waterproofing, dado tile, sunk area and PCC.

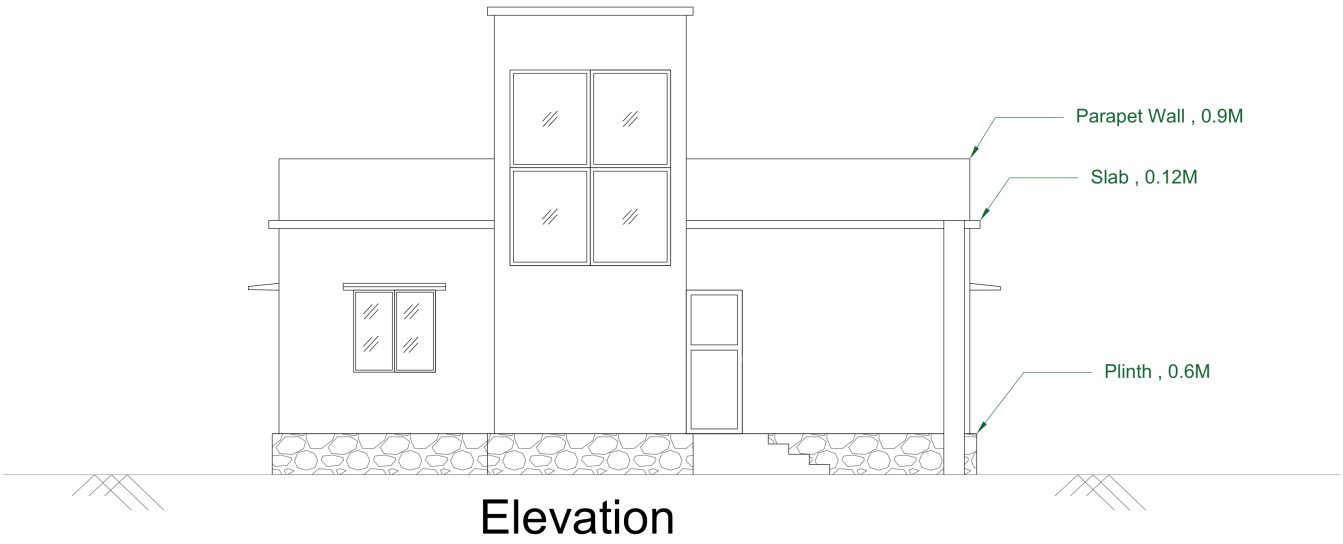

Source: supplied Model 2 drawing. Image fitted proportionally for page presentation.

DRAWING 04

Model 3 — Exterior Elevation

The elevation shows the exterior massing, window positions, roof/slab line and raised plinth. The drawing labels a 0.9 m parapet wall, 0.12 m slab and 0.6 m plinth.

Source: supplied Model 3 drawing. Image fitted proportionally for page presentation.

PROJECT NOTES & DRAWING SCHEDULE

Room schedule and dimensions

Space	Dimension shown	Approx. area	Observation
Bedroom	3.0 × 4.5 m	13.5 m²	Bedroom shown on the left side of the plan
Kitchen	3.0 × 4.5 m	13.5 m²	Separate kitchen zone
Living room	4.0 × 6.0 m	24.0 m²	Main shared living area
Lobby	2.2 × 3.8 m	8.36 m²	Internal circulation space
Bathroom	1.2 × 2.0 m	2.4 m²	Adjacent to separate WC
WC	1.0 × 0.9 m	0.9 m²	Separate toilet compartment
Veranda	1.2 × 1.2 m	1.44 m²	Transition space near parking/stairs
Parking	4.0 × 3.0 m	12.0 m²	Parking area shown at the front/right

Key drawing observations

- The plan includes one labelled bedroom, a separate kitchen, a living room, lobby, bathroom and WC, along with a stair and parking area.
- Door and window identifiers D1, D2, W1 and W2 are marked on the plan; a separate door/window schedule was not included in the supplied sheets.
- The elevation and section provide selected vertical dimensions and construction annotations, but do not define every material, structural member or specification.

Documentation scope

This book organizes and describes the supplied drawings; it does not certify structural safety, code compliance or construction readiness. Dimensions and annotations are transcribed from the drawings and should be checked against the native CAD file and site measurements before construction. No unlabelled dimensions or specifications have been assumed.

Drawing sequence: Full Model → Model 1 → Model 2 → Model 3.
